APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source and is for flood and surplus water only. It is made a condition of this permit that no water shall be diverted by this applicant until the flood water reaches and has served the prior rights of Mrs. DeWitt Nelson and others lower on the stream. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 6/10 cubic feet per second. (1.6)

Actual construction work shall begin on or before October 27, 1916.

Proof of commencement of work shall be filed before November 27, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before October 27, 1917.

Application of water to beneficial use shall be made on or before October 27, 1921.

Proof of the application of water to beneficial use must be filed with State Engineer on or before November 27, 1921.

Map filed JUN 15 1916

Proof of labor filed FEB 27 1917

WITNESS MY HAND AND SEAL this 27th day of July, 1916.

Proof of completion of work filed OCT 26 1917

Proof of beneficial use filed MAR 26 1919

Plan filed MAR 26 1919

State Engineer.
